Important remarks

- As per new security regulations, all passengers visiting United Arab Emirates (organised or otherwise) must carry an identification at all times: either an original passport or a photocopy of it is sufficient.
- United Arab Emirates is a Muslim country and the month of Ramadan is of major significance to its residents. During Ramadan, entertainment and alcohol will be restricted in most of the country. The sale of alcohol will be restricted in many places, although some establishments will offer alcohol for sale to tourists. During this period, local businesses may also have shorter opening hours.
- Triple rooms in Asia are generally rooms with twin beds or a double, in which a folding bed is installed to accommodate the third person. Due to the inconvenience this causes, we advise against using this option as far the possible.
- Check-in time at the hotel on the day of arrival depends on each establishment, but in no case will it be before 3:00 p.m., unless otherwise indicated.

- Concerns about aesthetics in Oman mean that air conditioning compressors, which detract from the appearance of building façades, are usually concealed behind painted latticework to make them less noticeable. Omani restaurants always serve a complimentary bottle of water. Omani men continue to wear their traditional dishdasha (a floor-length shirt-dress, usually white in colour). They also tend to wear a lot of perfume.

- Please check with your international vaccination centre about the recommended healthcare measures in India.

- Travellers are required to complete the e-Arrival Card at least 3 days prior to the start of their journey. The form can be completed via the official Indian Visa Online website (<https://indianvisaonline.gov.in/earrival/>) or through the Indian Visa “Su-Swagatam” mobile application (App Store | Google Play). Completion of this form does not remove the requirement to hold a valid visa; travellers must still complete the visa application process.

- The Government of India has introduced the Air Suvidha 2.0 – Self Declaration Form as part of its health screening measures for all international passengers arriving in the country. This measure does not impose any additional restrictions on travellers, nor does it affect visa or entry requirements for India. It is simply a mandatory online health declaration that must be completed before travel. Indian authorities recommend completing the form within 24 hours prior to arrival in India, preferably before boarding or during the web check-in process. The procedure can be completed via the official Air Suvidha 2.0 portal:

<https://airsuvidha.civilaviation.gov.in>. Once the form has been submitted, the passenger will receive a confirmation receipt, which we recommend keeping in either digital or printed format throughout the journey.

- A credit card is considered a guarantee, so sometimes you will need one for check-in at hotels.

- Hotels usually have cots available. Otherwise, babies will have to share a bed with an adult.

- Consult the necessary documentation to enter the destinations visited and for transit in the countries where air stopovers are made.
