Hong Kong and Fiji

Hong Kong is one of the economic motors of China and its most modern city. Hong Kong is a city that never sleeps, a city with dozens of entertainment and cultural sites, with dozens of markets and street markets, and a skyline that leaves cities like New York behind.

And, finally, the exotic Fiji, an ideal destination for honeymooners in the midst of paradise thanks to the diversity of its coral reefs, the richness of its marine fauna, its turquoise waters with fine sandy beaches and its mild tropical climate.
