Bali Island and Lombok

On this classic itinerary through the island of Bali, you will visit the most important points of an island that, for many, is a paradise in Southeast Asia: the temples of Tanah Lot, Ulun Danu and Besakih; rice terraces and waterfalls that break the silence; enclosures that centuries ago were used to impart justice or pay homage to the ancestors... And all of this surrounded by impressive landscapes where the green hardly loses its prominence.

Lombok, a neighbouring island to Bali, is an island presided over by the majesty and grandeur of Mount Rinjani, around which life flows. This is an ideal opportunity to experience that harmonious cadence as culture permeates a journey through Senggigi, Sembalun and Senaru.

Come on, let's go.
